

Deposits

Deposits

The Deposit module captures real-time deposit data from all locations, armored carriers and banks; enhancing process efficiency while improving visibility and transparency.

What?

What is the Deposit module?

- A web-based depositing module that makes it simple to create, track, manage and analyze deposit activities at all of your locations
- Tracks deposits from creation through bank verification to provide real-time visibility and insights into every stage of the deposit lifecycle
- Integrates and captures data from all major banks, armored carriers, smart-safes, POS systems and cash counting devices
- Provides dynamic reports on all deposit-related exceptions, including POS over and shorts, adjustments, missing deposits, float issues and much more

How?

How does it work?

- Headquarters establishes rules: deposit types, deposit entry methods and other key requirements
- Users create deposits using manual entry or integration with other cash room tools
- System communicates deposit information to banking partners
- Deposits transported to bank partners
- Banks receive, credit and verify deposits
- DTS Connex captures and records all steps in the chain of custody

Search Deposits

Search [All Locations] From 2/1/2016 To 2/15/2016

Enter a location #, bag #, deposit amount, transaction id. You can also enter terms like adjustment, late credit, no pickup, etc. Finally, you can use combinations of these. [Click Here for Keywords and Examples.](#)

Why?

Why DTS Connex?

- Standardizes and streamlines your deposit process at all locations
- Provides access to deposit information from all locations, banks and armored carriers in one web-based portal
- Leverages unique transaction numbers to simplify reconciliation process
- Reduces deposit adjustments and “over and shorts” 30–40% through increased visibility and oversight
- Facilitates provisional credit with your bank partners*
- Integrates seamlessly with other DTS Connex modules

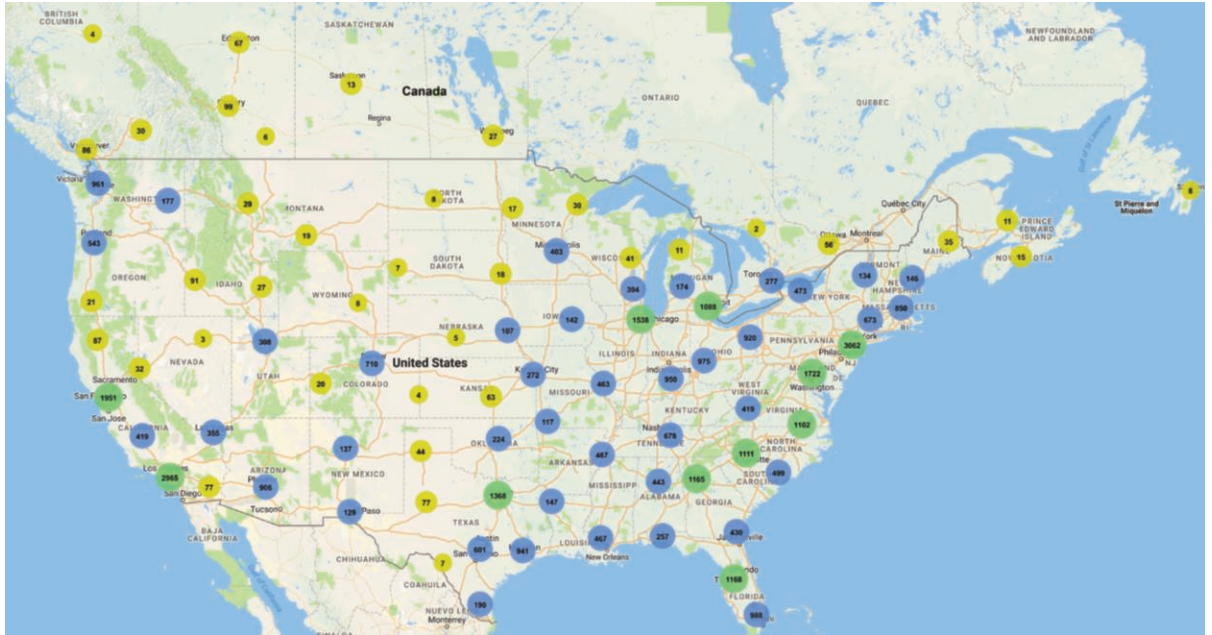

* Provisional credit available from select financial institutions. Ask your banker about this value-added service.
